Continuation of 2. NOTE: Proposed amendments to claim 6 raise new issues that would require further consideration and search. For example, there is no antecedent basis for the term "the fusion protein" in line 2. Likewise the term "a peptide bond" will require a new search.

Continuation of 5. does NOT place the application in condition for allowance because: Applicants had argued to include the Olofsson et al in a 892 form. The form has not been listed on 892 form because the information of this reference is included in the Ruoslahti patent (6,303,573)...
